University General Education Requirements

* Students who have completed three high school credits in one foreign language or two high school credits in each of two languages are exempt from the foreign language requirement. Any student who graduated high school prior to June 1986 is also exempt from this requirement. Non-native speakers of English who were required to meet University TOEFL requirements are also exempt from this requirement.

For information on available majors, approved minors, and focus area clusters please refer to the university catalog.

A minimum of 120 hours and a 2.00 GPA in the major, minor, and overall are required for graduation. In addition all undergraduate students are required to complete the Senior Assessment Survey (www.odu.edu/senior) and the Exit Examination of Writing Proficiency (www.odu.edu/writingcenter) prior to the intended graduation date.

Departmental Requirements

CHEM 115N-116N is the freshman chemistry sequence, and is prerequisite to ALL other chemistry courses.

AP credit may be assigned for CHEM 115N-116N providing a qualifying score is received on the Advanced Placement of the College Board exam in Chemistry. A score of 3 provides CHEM 115N credit, and a score of 4 or 5 provides credit for CHEM 115N-116N.

Most chemistry courses have other CHEM courses as well as MATH courses as prerequisites (courses that must be completed prior to beginning a particular course) or corequisites (courses that must be completed concurrently with a particular course). For this reason a CHEM or BIOCHEM major should register for a CHEM and MATH course every semester until the requirements are complete. The following is a list of the prerequisites for each required CHEM course, as well as when each course is typically offered, so that you can plan your schedule accordingly. All chemistry courses require a minimum grade of "C" in the prerequisite course(s). Prerequisite waivers are not allowed. Questions concerning prerequisites should be addressed to the instructor of record for the course, or Jennifer Adamski (jadamski@odu.edu, 757-683-4090).

Course	Offered	Prerequisites
CHEM 115N Foundations of Chemistry I	Fall, spring, summer	MATH 102M
CHEM 116N Foundations of Chemistry II	Fall, spring, summer	CHEM 115N
CHEM 211 Organic Chemistry I (<i>formerly CHEM 311</i>)	Fall, summer	CHEM 116N
CHEM 212 Organic Chemistry Laboratory I (<i>formerly CHEM 312</i>)	Fall, summer	CHEM 211 or 311 (pre- or corequisite)
CHEM 213 Organic Chemistry II (<i>formerly CHEM 313</i>)	Spring, summer	CHEM 211 or 311
CHEM 214 Organic Chemistry Laboratory II (<i>formerly CHEM 314</i>)	Spring, summer	CHEM 212 or 312 CHEM 213 or 313 (pre- or corequisite)
CHEM 321 Analytical Chemistry	Fall, spring, summer	CHEM 116N MATH 162, 163, or 166
CHEM 322 Analytical Chemistry Laboratory	Spring, summer	CHEM 321 (pre- or corequisite)
CHEM 331 Physical Chemistry I	Fall	CHEM 321 PHYS 231N-232N MATH 312 (pre- or corequisite)
CHEM 333 Physical Chemistry II	Spring	CHEM 331 MATH 312
CHEM 441 Introductory Biochemistry	Fall	CHEM 213 or 313
CHEM 442W Biochemistry Laboratory	Fall, spring	CHEM 213 or 313 CHEM 214 or 314 CHEM 441 (pre- or corequisite) BIOL 293 BIOL 303
CHEM 443 Intermediate Biochemistry	Spring	CHEM 441
CHEM 485 Chemistry Seminar	Fall, spring	Senior standing
